Subject : Request for Revision of Results

Respected Sir,

We, the undersigned students of the M-Tech Computer Engineering class, ZHCET, AMU, humbly bring to your kind attention that **we have been sincere and regular in attending our classes since the talk held on 1st February 2025**. We have made consistent efforts to meet all academic requirements and actively engage in our studies.

However, we are deeply concerned that our recent examination results do not accurately reflect our dedication and commitment. Initially, **24 students enrolled** in our batch, but over time, **only 12 students were able to continue** in the course. Now, with the latest results, **7 students have backlogs**, leaving only 5 students in the class. This situation not only affects our academic journey but also has a significant impact on the overall learning environment.

We sincerely request your kind intervention to reconsider and review our results so that our efforts and academic performance are fairly assessed. Many of us may struggle to continue in the course if the results remain unchanged, which could severely impact our future prospects. We would be truly grateful for your support and positive consideration in this matter. Please let us know if any further clarification or documentation is required.

Thank you for your time, understanding, and support.

Sincerely,

List of Students:

1. Shah Ahmed Shakir Abu Asim Khan (24SPMEA113)
2. Ansari Abdullah Zahid Ahmed (24SPMEA123)
3. Mohd Afzal (24SPMEA115)
4. Ilma Shah (24IPMEA102)
5. Muneeba Rahman (24IPMEA116)
6. Ahmad Bilal Zaidi (24SPMEA101)
7. Adnan Ilahi Bhat (24SPMEA111)
